

Avery Dennison® MPI 2600 Wall Film Series

Quick, customizable and creative wall decoration

The digital wall film portfolio from Avery Dennison gives design flexibility for even the most ambitious indoor applications – with three-dimensional textures, rapid application and reliable print performance.

Access a whole new spectrum of creative possibilities, including printable films with pure canvas, crushed stone and natural stucco textures. A choice of adhesive supports the creation of unique short- and longer-term decoration. They are ideal for hospitality areas, retail areas, exhibitions and more.

Key Features and Benefits:

- Quick, easy and clean installation
- Customizable digital printing with solvent, eco/mild solvent, latex and UV curable inks
- More creative choices with digitally printable textures
- Optimal opacity and ease of application due to thicker film
- MPI 2631 textured and 2611 non-textured feature removable adhesive for short term solutions*
- MPI 2630 textured and 2610 non-textured feature permanent adhesive available for long term solutions or low energy surfaces
- MPI 2611 non-textured film features clean removability for up to one year enabling short-term promotional campaigns
- MPI 2611 and 2610 non-textured films enable printing to the edge of the film with no white border required
- Suits most common print platforms: 60" width
- Fire certification available

*Available only in Pure Canvas for MPI 2631 series
