Print Compability

Aqueous
UV Curable
Latex

Applications

Art Reproduction
CAD, Posters
Retails
Trade Shows

Description

This is our highest quality polypropylene for indoor film signage. It has a high tack adhesive and requires little maintenance. Perfect alternative to adhesive vinyl, as its high quality polypropylene base will not shrink like standard adhesive PVC vinyl products. Its microporous coating gives it the ability to produce photo quality images while maintaining tear resistance.

Available Sizes

Widths (inch)				Lengths (feet)	
36"	50"	60"		20'	100'
